

**At BIRD we know...**

Patients love to talk to other patients, learn as much as possible about their disease, share their experiences & have a say in the things that affect them. It's not easy to find other patients to connect with or find a local support group or to source information & keep support groups going.

**People's Needs  
Patient Choice  
Every Voice**

*We want to connect with you and understand your wants & needs - please take a few moments to answer the questions below and have your say:*
